

VISION ZERO – OUR STEPS TO IMPROVE PUBLIC HEALTH

Vision Zero is a movement where no deaths or serious injuries are acceptable on our streets and roadways. Find out what strategic steps the City of Richmond are necessary to implement their Vision Zero Action Plan and how your community can benefit from taking these same steps. Join Michael Sawyer, a licensed professional engineer, to explore how transportation safety and public health intersect and perhaps how his perspective may change how you approach your own job.

Presenter: Michael Sawyer, Transportation Engineer and Vision Zero Coordinator, City of Richmond
